## **#Ahemorrhage:**

ying for attention in seemingly careless manner

## **#Anaviary:**

An aggregation of non-native birdforms seen in the sky.

## **#[A]temporalitary:**

the state of a multitasked mind-well; shoulder tapping the future self.

## **#Asapien Intelligence**

Will look nothing like humans. Could telescophlliacs even embrace unfathomable reproductive rituals?

## **#Astroautopoiesis**

Self fulfilling progeny born from probing outerspace for signs of life: catalyzing fertility. It only takes a drop!

## **#Atemporal Stress Testing**

Before rocketing out into ProblemSpace blind, it is recommended that one at least run ideas through the hive mind

# LEXICONSPIRACY

*see representative for details*

## **#Asynchroneose:**

tethered to time shares, left hanging in [a]temporalitary confinement

## **#Cine-molecule**

Microscopic mental vampires weaponizing space/time in a kinesthetic battle for hearts and minds.

## **#Collabyrinthitis**

the googling of reason breeds (cookie) monsters and minotaurrents of directions in which to flee

## **#Covertigo:**

When is a black box not a black box. When its ajar

## **#Dataristocrat:**

a humanoid, distributed data-body,  
or lineage possessing inherited attention capital

## **#Derelict Theory Objects**

Artifacts so murky & feedbacksinged, that even the solipsistic world of contemporary art can't make sense of them

# LEXICONSPIRACY

*see representative for details*

## **#Ecophagrancy**

Planetary feral ferrofluid. The floating population, nibbling away at the biosphere

## **#Ergonomie:**

Subliminoid science of optimizing lawlessness. A perverse simultaneity; lethal ergonomics

## **#Esoterrorism:**

weaponizing in-jokes in order to accumulate more enduring attention assets.

## **#Etymancy:**

divination of derelict theory objects, all too familiar heirlooms, ever obscured.

## **#Ficto-Quizzical**

Non-Euclidean narratives contingent on unforeseen “Z points.” fickle phenomena requiring attention to new signals in noise.

## **#Glitchcraft**

The art of the creative short circuit. Vessels for exploring new worlds. A proto-theory object with trails of attention.

# LEXICONSPIRACY

*see representative for details*

## **#Glocal Anesthesia**

A neoliberal loosening of conspiracies concerning consensus reality. Numbing of awareness a merging of invisible layers turning the globe upside down.

## **#Grandguignolgorithm**

Distributed data-mining of drone operators' repressed memories, output optimized as commedia dell arte for off duty UAVs

## **#Grey Goovernance**

Modular, self-replicating policy regime

## **#Halflife:**

Optimistic odds for your exponentially fucked future attention economy; your mediated life will take a while to flash before your eyes: start now!

## **#Infobituary:**

register of death of a data-body builder

## **#Lorkurers**

Cool hunting zombies sift through the foul stench of info-detritus seeking fresh brain matter for their Voodoo Economic masters.

# LEXICONSPIRACY

*see representative for details*

## **#Majestic12**

Was the birth of the transistor just months after the Roswell crash was an utterly cosmic conspiring?

## **#Metcalf's Muzzle**

There is a limit to network affection. A self-inflicted gag rule by the panopticonflicted connoisseur of fast friendships.

## **#Min-entropic Migration**

The tiny perturbation that complex systems require to get them off the ground. A little wiggle room goes a long way.

## **#Mnemonumenthol:**

crystalline substance of thought, an acquired memory, momentarily minty and fresh

## **#Obliterati**

You can never make enough money to disappear! These data bodies are off the grid, staying anonymous while outing everyone else.

## **#An Obliteratarium**

A strong hold of grey market R&D, a nexus perplexus, a theory object with a death wish.

# LEXICONSPIRACY

*see representative for details*

## **#Obsolucidity**

Moments of clarity that are clearly in the dark. Futures that are always already obsolete.

## **#Orbital Urbanism:**

pinball wizardries in what was once quite aptly known as ‘space’

## **#Ourobureaucracy**

Map-terrain miasma, an always out of body boondoggle of imagining one’s own tale

## **#Overtigo:**

Between the moment of receiving a text and the realization that you are paused and reading it in the middle of a precarious stairwell.

## **#Panopticconscientious Objector**

An interloper of and within vernacular information architectures.

## **#’Pataphysique**

Over-extending a metaphor until it adapts to it’s own provisional lifeworld. Autopoietic app(arition)s for the body politic

# LEXICONSPIRACY

*see representative for details*

## **#Pneumanifest Destiny:**

esoterroristic exploitation of not-so- subtle bodies justified by dataristocratic fallacies

## **#Polterzeitgeist**

A scary spirit of the times. The feeling of hovering inches off the ground, escape velocity threatening to fire you away.

## **#ProblemSpace Shuttle**

Arational problem seekers needed for steep climbs over local optima. Don't get trapped in a valley of Obviousness!

## **#[Q]hauntified Self:**

quantifiable disjunction in which the immediated now is displaced by future-present data shadows

## **#Scotolological Extremism**

Clamor for an outlandish void of autonomous lucidity lest it interfere with reception of sanctioned Astronomies.

## **#Scry-Fi:**

futurecasting in darknets [de]based on IEEE.802.11 standards

# LEXICONSPIRACY

*see representative for details*

## **#Second-wave Vamplng**

Shifts from grave-robbing to mindjacking, snatching images from the future, straight from the multitasking mind.

## **#Smoticon:**

A simple text description of destruction delivered screenally.

A tactical typo for distancing panopticonscience.

## **#Spectralgorithm:**

[q]hauntified ghost queries optimized and ambulant  
in the networked cosmos

## **#TemporaryAutonomousClone**

Humanoid familiars often cloaked, confusing rather than concealing their movements. When you see it you'll freak!

## **#Where-Wolf**

The wolfman meets frankentime. An atemporal tale of space-time jitter. Embodied daily by dizzy denizens of networked cosmos

## **#ZeroHistoryHumans**

Falling off the grid or outside of the written word tickles history's z-spot at both ends. History eats its own tail.
